

## **Can We Count on You to Compost & Recycle at Cedar Lane?**

The Environmental Justice Ministry Team and staff have made a commitment to composting and single stream recycling and we need your help to do it right!

"How to" signs are placed by the **blue** bins and on the **green** composting bins.

Compost bins can be found: two in the kitchen by the sinks, one in the Chalice House kitchenette, one in the kitchenette downstairs. Blue single stream recycling bins can be found all around, but please no liquids, no trash, and no food in them.

Your individual effort does make a difference! If we all do this together we can make a big impact at Cedar Lane!
