

Board of Trustees Priority Statement for 2022-23

What Does it Mean?

To build a more just world, we will be unwavering in our actions and commitment to **justice, equity and anti-racism** in the world around.

To become more **multi-cultural** in body and spirit we will nurture our community of communities where people of all races, ethnicities and cultures see their identities reflected and affirmed in every aspect of Congregational life.

“To help build a more just world, lead our multi-cultural and multi-generational spiritual community, embody our eight principles and grow sustainably”

In order to build a more **multi-generational** Congregation we will seek to understand and address the diverse needs and preferences of younger generations.

As we seek to be a vibrant community, we will work towards a **long-term balance of our income versus our program costs**, as well as the engagement of our members.

We will hold fast to our **UU Principles, work to embody the 8th Principle** and seek to live out our **Vision** and **Mission**.

To be more relevant in our changing world, we will work towards growing our membership **and community partnerships** by actively reaching out to welcome new members and friends.
